

I'LANGA OUTDOOR PATIO SET WARRANTY

The I'langa range is covered by a three-year warranty. The designs are composed of 56% cotton, 29% viscose and 15% linen, with the exception of Great Plains, which is composed of 100% solution-dyed polyester to ensure high colourfastness. All the designs are covered against fading and loss of strength as a result of exposure to sunlight.

The warranty does not cover:

- normal wear and tear; and
- incorrect manufacturing or installation.

The warranty will not take effect if the fabric was:

- used for unintended purposes (this fabric is unsuitable for awnings, umbrellas, directors chairs or hammocks);
- not properly cleaned and maintained
- damaged as a result of incorrect cleaning methods;
- treated or coated after purchase;
- damaged as a result of other materials interacting with it (such as untreated wood or metal oxides);
- negatively affected by failure to make use of outdoor foam; and
- damaged as a result of force majeure events.

This guarantee covers the replacement of the fabric only; it does not cover the cost of labour or installation. Proper maintenance is required to prolong the lifespan of outdoor fabric in particular.
